 Invitation for the Workshop at
09/21 to 09/22 2017
Workshop
Endoscopic Ear Surgery

www.os-ka.info
www.vidia-kliniken.de

Dear colleagues,

you are cordially invited to our Second Workshop on Endoscopic Ear Surgery in Karlsruhe.

Endoscopic ear surgery provides a new view of pathologies of the middle ear and supplements the traditional microscopic ear surgery. Live-surgeries and lecture will outline the possibilities and limits of endoscopic technique.

You will have the opportunity to improve your practical skills using the endoscope in the temporal bone.

The course addresses colleagues who are already familiar with the basics of microscopic ear surgery.

I am looking forward to the exchange of ideas and many exciting discussions with you.

Yours sincerely,

Serena Preyer
